BOLD BEARS.

A Milwaukee Firm Bears the Market and is Now Compelled to Ask For-bearance.

Twelve Hundred Workmen Locked Out in New York City--A Panic in a Church.

Minor Mention of Mere Matters of News Known by the Aid of the Telegraph.

Ready to Settle.

CHICAGO, June 23.—The secretary of the board of trade announced on 'Change this morning that the firm of J. C. Kershaw had evened up all their trades and would settle all differences at their office. The firm has done a very heavy commission and export business.

It is claimed that they will be able to meet all demands. The house is a Milwaukee one and it has constituted a failure in what is known as the Milwaukee crowd on various transactions in the past in the Chicago and Milwaukee boards of trade. Kershaw denies that that he has failed and claims that his trades were in an unsatisfactory shape and he desired to close them. He says he will be able to meet all demands promptly. The markets are badly depressed by the effect of the Kershaw announcement and rumors of more trouble in New York.

Murderers Sentenced.

CINCINNATI, June 23—Will Trumpeter, indicted for murder in the first degree, some time ago, pleaded guilty and left it to the court to fix the grade of the crime. The court heard the testimony and to-day announced the judgment that it was murder in the second degree. This involves the penalty of imprisonment for life.

TIME TO GO.

HUNTER'S POINT, June 23.—L. J. Casey, who was sentenced to imprisonment for life on Saturday, for the murder of Police Sargeant Cumesky, was taken quietly to Sing Sing, on account of threats of the populace, which was inflamed by the murder of McCormick by Keisman yesterday.

A Cold Lock-out.

NEW YORK, June 23.—Forty-eight boss plumbers locked out 800 workmen to-day, on account of the workmen demanding the reinstatement of a man who was discharged. No members of the Plumbers' union will be employed by the bosses until the lock-out is ended.

The plumbers say 1,200 are already locked out. This is about 90 per cent. of the journeymen in the union. The journeymen assert that not more than 400 are locked out. The bosses intend to advertise for out of town plumbers.

A New Treaty With Canada.

OTTAWA, June 23.—It is reported that the government has arranged a reciprocity treaty with the United States, which will shortly be made public. The new treaty will follow the lines of the former reciprocity treaty and makes the natural products and some articles in the earlier stages of manufacture. To the defeat of the Morrison tariff bill in the United States house of representatives alone will be largely due the renewal of negotiations.

Saved From a Collapse.

NEW CASTLE, Pa., June 23.—The depositors of the People's Savings bank, of this place, have accepted a proposition from Colonel Wallace to issue certificates payable in one, two and three years, bearing interest, prepared for the depositors. It was shown that the assets were $53,000 in excess of the liabilities. During the run $250,000 were drawn on short time.

Piratical.

ADEN, June 23.—Italian man-of-fidaro visited Zeyla, an African port on the Straits of Babel Mandel, subject to Egypt, and threatened to bombard the place and exacted a large sum from the governor. Great excitement prevailed, but confidence was restored by the arrival of a gunboat.

Panic in a Church.

LONDON, June 23.—Many people were trampled and severely injured by a panic at a revival in the Methodist church, Anglesea, yesterday, caused by the creaking of the gallery.

A Recreant Bridegroom.

MONTREAL, June 23.—Walter Wilson, who left Montreal suddenly in Februray last, on the evening of his wedding, has returned and intends to remain.

Said to be Untrue.

ST. PETERSBURG, June 23.—The reports current at Berlin that there is an anti-Jewish riot near Nizhue Movyard is untrue.

England's Essay on Egypt.

LONDON, June 23.—It is officially announced that on June 16 Granville, foreign secretary of state, addressed a note to Waddington, the French minister, the substance of which was as follows: "England undertakes to withdraw her troops from Egypt at the beginning of 1888, in case the powers consider such withdrawal possible without endangering public order. On the part of the government it shall continue to exercise the right of financial inspection after the evacuation of the country by England, in order to insure the regular collection of revenue. England also undertakes during her occupation to propound schemes to the porte and powers for the neutralization of Egypt, like Belgium, and for the neutralization of the Suez canal."

In reply Waddington gave assurances of the satisfaction with which France has noted the points suggested by Granville. "France," he said, "accepts Granville's proposal and testifies to England in moderation of a friendly spirit, which it believes will strengthen the bonds of the two countries.

Burning Oil.

FRANKLIN, Pa., June 23.—The oil refinery of George Allen & Son was entirely destroyed by fire this morning, caused by the explosion of gas in the boiler room, and before assistance could be rendered, the flames spread to the adjoining tanks and buildings, which were entirely consumed. Loss, $50,000; on which there is a small insurance. The track of the New York, Pennsylvania and Ohio railroad for a distance of 100 yards was destroyed and the passengers between this place and Oil City have to be transferred. Hugh Farr, superintendent of the refinery, barely escaped an awful death by being enveloped in the flames.

A Three-Cornered Picnic.

UNIONTOWN, Pa., June 23.—Trouble is anticipated at Point Marion, a short distance from this place, between the forces of the Baltimore and Ohio, Pennsylvania Central and Pittsburg and McKeesport and Youghiogheny railroads. There is only room for one track at that point and the three roads are fighting for it. One hundred Irish and Italians laborers are already at the scene and by to-morrow it is thought between 400 and 500 men will be gathered there, and when opposing factions meet trouble will be sure to follow.

Capital Notes.

WASHINGTON, June 23.—The senate committee on public lands voted to report favorably the bill providing for the forfeiture of the land grant of the Marquette, Houghton and Ontonagon Railway company, of Michigan, and sent to the courts all questions regarding the rights of the company for the road already built as well as homestead settlers, preemptors and other claimants of portions of lands.

The impression prevails to-day that congress will finally adjourn about the 5th of July.

Killed by Her Lover.

ST. LOUIS, June 23.—A dispatch from Vincennes, Ind., says: Mrs. Mollie Gyskin, the widow who was shot down on a street of this city last Tuesday by Oliver Canfield, her jealous lover, died this morning. Canfield is in jail. The feeling against him is very bitter and threats of lynching are made.

Another Dynamite Dose.

WASHINGTON, Pa., June 23.—An explosion of dynamite in Brady's tunnel occurred at Hempfield, on the extension of the B. & O. railroad, fatally injured Roger Kain and badly bruised and cut a number of workmen. The accident was caused by a blast not going off at the proper time.

The Queen's hotel at Port Arthur, Manitoba, was destroyed by an incendiary fire. William McPherson, a commercial traveler, of Winnipeg, was burned to death.

In the British house of commons a vote of censure on the government's Egyptian policy will be moved next Thursday. The liberals count upon a majority of thirty to defeat the movement.

The executive committee of the reunion of soldiers and sailors to be held in Chicago in August, have decided to raise a guarantee fund of $5,000. Any surplus will be devoted to building a memorial hall.

Louis Wampler, the murderer of the entire Anderson family near Pleasanton, Kansas, was tracked by a sheriff to Mountainburg, Arkansas. Realizing that he would have to surrender he shot himself, and officers are returning with the dead body.

A Commercial Man Dies Under Peculiar Circumstancess--Strange Actions of His Friends.

A Marion, Indiana, Man Killed by a Train--Services in honor of the Dead Bishop.

Congress to Adjourn July 5 With the Work of the Day--Other Matters of Interest.

Rather Peculiar.

GALVESTON, Texas, June 23.—The Galveston *News'* Dallas special says: Jasper Whartar, formerly of Louisville, Ky., died yesterday morning at the St. George hotel from the effects of poison. It is not known whether his death was the result of suicide or murder. Whartar was involved in two scandals which it is believed led to his death. At the coroner's inquest Frank Connett and Elmo Mansfield, intimate associates of Whartar, both broke down under a searching examination by the state's attorney. Connett fainted and demanded a lawyer.

Killed by a Train.

MARION, Ind., June 23.—Saturday evening at 5:17 o'clock, as the passenger train on the Panhandle railroad was passing the Washington street crossing at a high rate of speed, Jesse Small, an old and highly respected citizen of our city, and very hard of hearing, stepped on the track just as the engine was nearing the crossing, and was instantly killed by the passing locomotive.

In Honor of the Dead.

ST. LOUIS, June 23.—Memorial services in honor of the late Bishop Simpson were held in the Union Methodist Episcopal church yesterday afternoon. Nearly all the Methodist clergymen of the city took part in the services and a very large audience was in attendance.

Congressional.

WASHINGTON, June 23.—In the senate a resolution was adopted directing the committee of expenditures of the public money to investigate the recent defalcations in departments and frauds upon the navy department and to inquire into the system of making disbursements and purchases of supplies, with a view of determining whether it embraces sufficient safeguards against defalcation and fraud.

The Springer committee adjourned without hearing any testimony. Judge Keill, who was to be examined, in respect to the charge against Ker, failed to appear. The Mexican pension bill was then taken up and the consideration proceeded with, Plumb giving notice that whether that bill be finished to-day or not he would, to-morrow, move to take up the Atlantic and Pacific land grant forfeiture bill.

HOUSE.

WASHINGTON, June 23.—Hancock introduced a bill authorizing the funding of the entire bonded debt of the United States in 2 per cent. fifty-year bonds. Referred.

Randall, chairman of the committee on appropriations, said he was directed by the unanimous voice of that committee to move to suspend the rules and pass the sundry civil appropriation bills. He wished first to give the house an opportunity to vote upon a few of these bills the most important of which was that reported by the committee of expenditures for the department of justice, relative to the salaries of United States marshals and district attorneys. Some opposition was made to the proposition to pass the bill under a suspension of the rules.

Bronson asked that unanimous consent be allowed to offer an amendment directing the secretary of the treasury to apply the surplus revenue at any time in the treasury in excess of one hundred million dollars, not otherwise appropriated, to the redemption of United States bonds, and where any of said bonds are redeemable at the pleasure of the government it shall not be lawful to apply any portion of the surplus to the purchase of the bonds at a premium. Randall joined Morrison in this request, but Hiscock objected.

The reading of the bill was then proceeded with and when it concluded a thirty minute debate, prompted under the rule, was entered upon.

Neuralgia's Big Brother

Neuralgia means nerve-pain. There are in the human system nerves of many kinds and of great variety of sizes. Each nerve has its own function, and each its own particular work to do.

In the leg, running downward from the hip, is the great *Sciatic Nerve*, which, with its branches, carries telegraphic messages from the brain, through the leg, to the extremities of the toes. When the *Sciatic Nerve* is affected, you have SCIATICA.

SCIATICA is one of the worst and most gigantic forms of nerve-pain or neuralgia. You may with comparative patience worry through an attack of neuralgia in face or head. That is bad enough, but when *Sciatica* seizes you, you are helpless.

There are various forms of Sciatica. People speak of Rheumatic Sciatica, Sciatic Rheumatism, Sciatic Neuralgia, and all that sort of thing. Call it what you please, it is the disorder of this great Sciatic Nerve. There is just one thing that will stop it.

That one thing is ATHLOPHOROS. It neutralizes that vicious condition of the blood which causes the mischief. In a word, it conquers the whole family of rheumatic and neuralgic ailments. Working quickly, pleasantly and thoroughly, it leaves no evil effects

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

RHODE ISLAND sends the only Quaker in congress, Jonathan Chace.

BOTH Thurman and Payne positively decline to be a candidates for the presidency. This narrows the race nearer a McDonald standpoint.

JAMES D. CONNER was nominated by the republicans last Saturday, on the thirteenth ballot, for judge of the Twenty-seventh judicial circuit.

SIXTY-FIVE prominent democrats will go in a body to Chicago in the interest of Mr. Bayard. With them will be the First Regiment band, of Wilmington.

THE Warsaw *Times* moves to elect Hon. J. C. Branyan, of Huntington, "Poet Laureate" of the Northern Indiana Editorial association and we second the motion.

THE Indianapolis *Scissors* carricatures the Plumed Knight confronted in the approach to the White House by an avenging spirit wielding a sword inscribed "Mulligan Letters."

THE prohibitionists of Illinois nominated J. B. Hobbs, of Chicago, for governor, and Dr. Perryman, of Belleville, for lieutenant governor. The sum of $2,700 was raised for campaign purposes.

THE *Gazette* misrepresents the democracy when it makes the assertion that the *Staats-Zeitung* was not recognized in the selection of secretaries of the convention last Saturday. The city editor of that paper was named for that position and elected.

REPUBLICAN papers have started the Calkins' campaign on the statement that he is "exceedingly handsome and would look so well in the governor's chair." This may be true, but Benny Harrison is generally regarded as a fine looking man and yet "Blue Jeans" Williams experienced slight difficulty in defeating him. Past experience proves that this is not a very popular device to catch votes in Indiana.

THE total electoral vote this year will be 401; necessary to a choice, 201. The vote of 1880 was 369; Garfield received 214, and Hancock 155. The total popular vote cast was 9,219,947. Of that vote Garfield got 4,445,416; Hancock, 4,444,952; Weaver, 308,578; scattering, 12,001. Garfield's majority over Hancock was 9,464. The united opposition to the republican party would have cast 4,765,531 and a majority of 311,115.

THE republicans of the state declare in their platform for reform in prison labor contracts. Their candidate for lieutenant governor, Eugene Bundy, in the last session of the legislature voted against a bill which had been introduced with this same purpose in view. Mr. Bundy must have experienced an entire change of views, or else that plank of the platform be, like many others, believes to be meaningless—a promise intended to catch votes and which will never be fulfilled by his party.

THE COUNTY TICKET.

The democracy of Allen county have performed their first duty in placing a ticket before the people for the different county offices. We have no hesitancy in proclaiming it a ticket worthy the support of every voter in the county. It is the choice of the majority of the people as expressed by the votes of the delegates whom they selected to express their choice, and as the choice of the majority it should receive the support of the entire party. Disappointments have no doubt been experienced and candidates and their friends may feel that they have been unjustly treated, or that they have not been honored as they deserve, but the pledge to the support of the party and the interest in its success should bury personal feelings and personal ambitions. The chances were taken understandingly and knowingly and the result should be accepted in the same spirit, as we have no doubt it has been.

The present year above all other years demands that the democracy of the country should present an unbroken front. It demands an aggressive campaign and the banner county of Indiana must not be derilict in her duty. On the result in Indiana largely depends the success of the presidential campaign and Allen county will figure prominently in that result. There must then be no hesitancy, no flinching, but let every man give his earnest support to the local ticket, the measure of whose success will largely guage the success of the democracy of the state. This year the democrats have an opportunity which has never been presented them before and it must not pass unimproved. Let the democracy of Allen raise high the banner and with a united and solid column march proudly with it through the campaign. Let there be no regrets after the campaign is over. Let there be no hesitation, no faltering, but let the will of the people, as expressed through their delegates, be the choice of all. Let each one strive for its success, doing his utmost to accomplish this end, and Allen county will roll up a larger majority than ever before and her influence will be felt throughout the entire state and even far beyond her confines.

THE SENTINEL takes pleasure in presenting the ticket nominated by the democracy of Allen county with a brief personal sketch of each candidate. It commends each man to the people as one worthy of support and who will fill the office for which he has been selected honorably and to the credit of the best county in Indiana.

THE LEGISLATORS.

Dr. J. D. McHenry, of Jefferson township, Albert W. Brooks, of Milan, and Fred J. Hayden, of this city, are the nominees for representatives in the lower house. Dr. McHenry is a practicing physician, and a man of extensive knowledge and experience. Mr. Brooks is a successful farmer, a level-headed gentleman and a lover of right and justice. Both gentlemen served one term in the legislature, and right honorably did they discharge the trust reposed in them. Mr. Hayden is a citizen of Fort Wayne, and quite a scholarly gentleman. He has large property interests and is foremost in all matters of public importance. Allen will have reason to be proud of her representatives in the legislature.

JUDGE OF THE SUPERIOR COURT.

Judge Samuel M. Hench was named to preside over the superior court. Mr. Hench has been a resident of this city twenty-one years, and in the positions of criminal prosecutor and judge of the criminal court he has made a reputation that time cannot efface. Mr. Hench was a brave soldier and is a man whose indomitable characteristics enable him to surmount the most formidable obstacles. It is true most of his time has been spent in the practice of criminal law, but during that period he was an untiring reader and to-day few men can boast of a better knowledge of the civil law. Mr. Hench is made of material that will succeed.

CIRCUIT PROSECUTOR.

Charles Mortimer Dawson was nominated for state's attorney and everyone, save the violators of the law, will rejoice. In the position of criminal prosecutor Mr. Dawson immortalized himself and established the fact that no guilty man can escape the vengeance of the law, neither will the majesty of justice suffer humiliation under his guardianship. He is personally popular, a young man as clean as snow and brave, fearless and brilliant.

COUNTY TREASURER.

John Dalman, of Pleasant township, is again before the people a candidate for this important office. Mr. Dalman has two years of splendid administration to back him and in his hands the gold of the people is as safe as if in a mine. He is a man of fine executive ability and is one of the most accommodating officers of the county.

COUNTY SHERIFF.

DeGroff Nelson was nominated for the office of sheriff. Mr. Nelson is known to every man in the city and county. His warm heart and friendly nature has endeared him beyond measure to the people, who will rejoice to honor him with their votes. He comes from a family that never faltered in the democratic battle and poor DeGroff has spent his money and the best part of his life serving the political party which has at last recognized his services. No one will raise a voice against Mr. Nelson. He was not at the convention that nominated him and when informed of the gift of his friends tears of gratitude roiled down his cheeks, now furrowed by sorrow and the sorest affliction. Mr. Nelson is an honest, brave and intelligent man, whose experience and wide acquaintance will certainly make him one of the most popular and efficient servants the people ever had.

COUNTY CORONER.

Dr. James M. Dinnen was nominated for coroner. He is a young man of many attainments, is a graduate of Rush Medical college and a successful practitioner. He will conduct the office honestly, satisfactorily and economically.

COUNTY SURVEYOR.

For this important position Ohmig Bird Wiley was nominated. Mr. Wiley is a son of ex-County Treasurer Wiley, still remembered and beloved for his manly traits of character and big heart. The nominee, Mr. O. B. Wiley, was born and raised here, is a thorough civil engineer and as clever a fellow as ever lived.

COMMISSIONER OF THE SECOND DISTRICT.

Jerome D. Gloyd was renominated for county commissioner from the Second district. Mr. Gloyd is a farmer and his record as county commissioner is such as to stamp him the right man to manage the business of the county. He is honest and capable and as nice and agreeable a man as ever sat in the commissioners' court.

COMMISSIONER OF THE THIRD DISTRICT.

John H. Brannan, the well-known East Main street merchant, was named for this position. Mr. Brannan is a successful business man, an honorable, intelligent gentleman and as well able to fill the office of commissioner as any many in the county. He is a straight forward, clear, outspoken fellow, whose knowledge of business affairs will make him of great service to the employers of Fort Wayne and Allen county.

Tired, Languid, Dull,

Exactly expresses the condition of thousands of people at this season. The depressive effect of warm weather and the weak condition of the body can only be corrected by the use of a reliable tonic and blood purifier like Hood's Sarsaparilla. Why suffer longer when a remedy is so close at hand? Take Hood's Sarsaparilla now. It will give you untold wealth in health, strength and energy.

There were reported to the American Institute of Homeopathy, in this country, twenty-eight state societies with 2,834 members, twenty-six general hospitals providing last year for 10,000 patients, and thirty-seven special hospitals, costing $1,750,000, with 5,880 patients.

Every woman in the Land

owes it to herself and her family to take care of her health. When she finds her health failing, and debility and weakness, undermines her strength, her surest and best remedy is Kidney-Wort. It builds up the general health, keeps the secretory system in perfect order, regulates the kidneys and bowels, and enables these important organs to perform their natural functions in throwing off the accumulated impurities of the body.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

That Tired Feeling

The warm weather has a debilitating effect, especially upon those who are within doors most of the time. The peculiar, yet common, complaint known as "that tired feeling," is the result. This feeling can be entirely overcome by taking Hood's Sarsaparilla, which gives new life and strength to all the functions of the body.

"I could not sleep; had no appetite. I took Hood's Sarsaparilla and soon began to sleep soundly; could get up without that tired and languid feeling; and my appetite improved." R. A. SANFORD, Kent, Ohio.

Strengthen the System

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

The city council will be petitioned to extend and open East Columbia street to the Maumee river. The total length of the railroad system of the United States is now about 120,000 miles, but there is a wide difference between various roads in the amount of traffic done over their lines. OFF FOR THE CAPITOL.

The Coming State Convention Attracting Much Attention—The Aspirations of Fort Wayne People and List of Delegates.

The state democratic convention assembles at Indianapolis Wednesday and already there is much interest manifested in the result. The Fort Wayne delegation has favors to ask. W. S. O'Rourke is a candidate for reporter of the supreme court, and John H. Bass, R. C. Bell and Montgomery Hamilton are mentioned as available men for delegates-at-large to the national convention. Henry Colerick will be supported for delegate to the national convention from the Twelfth district, while C. A. Zollinger seeks to be chairman of the Twelfth district congressional committee.

The democratic state convention will not drag like the republican, for there are fewer candidates seeking nominations and the business can be pushed more rapidly. There will be no opposition to W. R. Myers for state secretary, J. J. Cooper, treasurer, J. H. Rice, auditor, J. T. Hord, attorney general, and J. W. Holcombe, superintendent public instruction. A revised list of the candidates pronounced or merely mentioned for the other positions gives the following:

J. N. Thinks the People Will be Relieved on the 8th.

J. N. in a dispatch from Topeka, Kan., thus says: "J. N. intimates that the people can assemble on the 8th of July. Still he would rather wait until July 10, 1885, than to urge now. He also adds, not to give him any personal notice or praise when he is in the city, and for that to be given his friend Thayer."

"I have no appetite," complain many sufferers. Hood's Sarsaparilla gives an appetite and enables the stomach to perform its duty.

It is stated that Mr. Carnahan, a very popular conductor on the Wabash, will shortly leave the employ of that road and take a run on the Lake Erie and Western road, running from Lafayette to Chicago. The reason for the change is that his family lives in Lafayette, the end of his route.

PUBLIC HEALING OF THE SICK FREE OF CHARGE TO ALL.

Circle of Medicated Science--Dr. Delmeta DeVessey, C. M.S., and Mme. M. L. DeVessey, C. M. S.---Public Healing of the Sick at the Academy of Music, Fort Wayne, Ind., Free of Charge to All From 9 to 11 O'clock A. M.

The World Renowned Magnetic and Psycologic Physicians will heal the sick every morning for one week, commencing THURSDAY, JUNE 19. Every morning for ONE WEEK ONLY! Free of charge to all. THE LAME WALK! THE DEAF HEAR! THE BLIND SEE! Without the aid of any poisonous medicine, Thursday, the 19th of June. All are invited to come to the Academy of Music from 9 to 11 a. m., and witness remarkable skill in the art of curing disease by the Circle of Medicated Science, where all who are afflicted rejoice at their recovery in health. Dr. Delmeta DeVessey and Mme. M. L. DeVessey are permanently located at 22 and 24 Berry street, Fleming house, where they have private parlors for the reception of the sick. All are invited to call. Consultation free of charge to all. No patient treated without permanent cure. Drs. DeVesseys have gained the world-wide reputation of being the most successful Magnetic, Electric and Psycological Physicians of the world. Come to the Fleming house and have your case examined. Their equal is without parallel, and are second to none in Healing the Sick. Remember that Drs. DeVesseys have private parlors at the Fleming House, and business strictly confidential. Come one and all who suffer from whatever cause, and be cured for life. The Lame Walk! The Deaf Hear! without the use of any medicines. Interview these eminent physicians. They will tell you what is the matter with you and the cause of your affliction. If you can be cured they will tell you so. Magnetism, Electricity and Psychology is the Specific practice, and will cure the most obstinate case in all old Chronic Afflictions, where all others have failed. It will pay those living at a distance to come a hundred miles to receive one treatment. In many cases one Magnetic Treatment effects a cure for life. All who are skeptical and doubt Drs. DeVesseys' healing powers should not fail to come to the Academy of Music for one week, commencing Thursday, June 19, and witness the most wonderful cures. All are invited free!

Drs. DeVesseys treat successfully all Chronic Diseases, Consumption, Bronchitis, Catarrh, Sore Throat, Sore Eyes, Paralysis, Dyspepsia, Dropsy, Rheumatism, Neuralgia, Cancers, Fistula, removed without the knife, ligature or caustic. All diseases eradicated from the blood without mercury or delay in business. All female complaints cured from whatever cause. Nervous Prostration, General Debility, Defective Memory, Aversion to Society, Despondency and Dejected Spirits. If you are sick be convinced that Magnetism and Psychology is the only curative agency in the laws of nature that will cure diseases of every kind. Mme. M. L. DeVessey, a most competent lady physician, to attend to ladies in all Uterine Derangements of the generative organs. A lasting cure guaranteed in all cases of General Debility and Nervous Prostration.

Ye invalids whose prostrate health,
Lie dormant in fragile frames
Doth life not speak from streams of wealth,
Yes, try and get good health again.

Every body's duty is to go and attend this scientific course of healing, and see for themselves the most marked demonstration of magnetic skill. Open your reflective faculties. Does not the employment of magnetism as a treatment and cure for disease date its origin back to the remote ages of antiquity? Were not the learned ancients more thoroughly versed in the execution of its powers? Has not both sacred and profane histories handed down some score of remarkable cures performed by skillful magnetizers in the different ages of the world? How very few modern thinkers have their attention directed to these leading phenomenas, which rest in the interior principles of mankind. Man simply defined is a wonderful being. So finely organized is a part of the earth—earthly; moved around by an outside source beyond himself which he does not seem to comprehend. Evidently the force is chemical action; the aperative force effecting change that cause may be brought about and effects seen and felt and made interesting to the progressive mind in all stages of existence. It is not to say that man is sick and must remain so. Not at all. Try to get well, and you shall have health and enjoy long lived happiness.

You have an apportunity now which you may never have again. Go to the Fleming house, 22 and 24 West Berry street, and interview the Drs. DeVessey and be cured for life. They will treat no patient without effecting a lasting cure. All business confidential. Come early and avoid the crowd. Address all communications, Drs. DeVessey, C. M. S., Fleming house, 22 and 24 West Berry street, Fort Wayne, Ind.

Chronic Costiveness Cured by Brandreth's Pills.

BULLY BUENO MILL, Arizona Ter.,
Jan. 24, 1883.

For the last two years I have been greatly troubled with costiveness, often ten or twelve days elapsing without any movement of my bowels. I have tried many remedies, but none with success, until I used your vegetable pills—taking three pills and increasing one each night until I took nine, then decreasing one each night. Since then my bowels have continued regular each day, and my headache, sour stomach and general lassitude have left me, and I feel like another man—which is entirely owing to your pills—and I would not be without them in this new country.

With scarcely an exception every paper in the country gives lavish praise to the St. Jacobs Oil Family Calendar and Book of Health and Humor for the Million, 1884-5. The San Francisco *Evening Post* says: "It gives us the clear, unmixed, unadulterated, unperverted essence of wit, humor and fun."
